Information skills 4: Video tutorials   May 2019

Discovery – Evidence and Knowledge is a system produced by Ebsco and configured by CSP Library and Information Services.

There are a number of video tutorials available produced by Ebsco.

Bear in mind that we have configured Discovery – Evidence and Knowledge to meet the needs of CSP members. The systems demonstrated in the videos will not look exactly like ours. Some elements described have not been included in our system; whilst other elements that we have added may not be demonstrated.
